❖ WHO WE ARE ❖

THE AFRICAN BAR ASSOCIATION

Formed in 1971 as a professional body uniting individual lawyers and National Legal Associations in Africa, the African Bar Association (AFBA) was created as a federation of national legal associations, corporate and unincorporated legal entities and individual lawyers. The Association seeks amongst other objectives to foster exchange of opinions and experiences among members, formulation of policies that would better reposition the Continent's socio-economic and political development and advancement with the law as the bedrock for these developments, and breaking new legal frontiers. The Association seeks to bring together the five African Sub-regional Lawyers, their respective National Associations spread over the African Continent. As “the Fearless Voice of the Legal Profession”, the African Bar Association also seeks to take the African Legal Community to the Global Stage. Encourage fraternity amongst Lawyers, defend the Profession, the Principles of the Rule of Law and to make Africa Accountable.

The African Bar Association's headquarters is situated in Abuja, Nigeria with a functional deputy headquarters in Lagos, Nigeria. By the Charter of the African Bar Association regional offices are spread across the sub-regions.

2018 CONFERENCE HOST

Nairobi is Kenya's Capital and the largest City in Kenya. In addition to its urban core, the City has Nairobi National Park, a large game reserve known for breeding endangered black rhinos and home to Giraffes, Zebras and Lions. Lunch can be at a restaurant (Tamambo Karen Blixen Coffee Garden restaurant) or any other restaurant of your choice within the vicinity. As we tour the city, we see the most interesting elements of Nairobi. First stop in **Nairobi National Park**. The park is only a few kilometers from the city centre. The National Park is only 7km from Nairobi Nairobi City Centre. The small park (113sq.km) contains all the major animals species with the exception of the Elephant. The sight of Wildlife grazing majestically against the backdrop of the city skyline is a pleasant experience and then **Nairobi Orphanage** - it serves a treatments and rehabilitation centre for wild animals.

The Orphanage hosts lions, cheetahs, hyenas, jackals, serval cats, rare Sokoke cats, warthogs, leopard, various monkey, baboons and buffalo.

Various birds can also be viewed including parrots, guinea fowl, crowned cranes and ostriches. David Sheldrick is a world-class conservation figure and the premier authority on the successful raising of milk-dependent infant and rhino orphans. Your tour takes you to the Giraffe Centre, an elevated treetop area where you may hand feed giraffes under the supervision of trained staff. Established by Jock and Betty Leslie-Melville in 1979 as a sanctuary for the rare Rothschild giraffe, the centre has a feeding platform where visitor can get views of the tall animals at eye level.
